4.2. Late Registrations

It is still time to change your mind and come to the Meeting. But, beware of the hotel booking...

May I remind to all participants that they should book their room themselves and directly to the hotel, specifying clearly that it is for the SGMS Meeting.

4.3. Financial Support

We wish to express our gratitude to all the firms which support us financially. Thank to this help, this year we have the pleasure to welcome several colleagues from abroad. There is no doubt that the opportunity of these contacts and, especially at the occasion of this kind of meeting can only benefit to all of us and fulfil the aims of our association.

5. Membership List

Up to now, about half of you have sent back the information concerning your equipment and fields of activity as requested in the last Newsletter.

We would like to avoid to delay too much the printing of this list. If you have not return the form, please do it as soon as possible.
